

Copper for Kids

PARTNER WITH radius recycling TO CHANGE LIVES!

We are excited to present an opportunity for you and your company to make a lasting impact on the lives of children in foster care. By collecting scrap copper and other recyclable materials from your job sites, you can contribute to a brighter future for local youth in need.

Scan the QR code below or visit www.radiusrecycling.com to view the complete list of accepted materials.

Here's How it Works:

1. Contact Radius Recycling

Contact Radius Recycling directly by contacting Ben Molina at bmolina1@rdus.com or call (775) 233-9634 to get all your questions answered and to request a Copper for Kids bin.

2. Receive Your Bin

Radius Recycling will provide a bin specifically for your recyclables and arrange delivery to your job site.

3. Fill the Bin

You and your team can fill the bin with recyclable metals from your job sites.

4. Schedule Pickup

Radius Recycling will handle the pickup for you, making the process seamless!

Your recycling efforts directly support children in foster care who receive vital services at Stanford Sierra Youth & Families. By joining forces, we can make a meaningful impact on our community and change the lives of local children. Every contribution matters, and your involvement truly makes a difference.
