Every Child Deserves a Family
Message from our President and CEO

We are excited to present Sierra’s accomplishments in meeting our mission of transforming the lives of children in foster care by building and nurturing permanent families.

- The agency reached the highest national standards of professional performance and was awarded national accreditation through the Council on Accreditation (COA)
- Over 500 children received permanency services
- Expanded our therapeutic support and youth permanency services

We invite you to review this annual report to learn more about Sierra Forever Families. You will find statistics on services and information about resources.

We continue to be deeply grateful for our partners, families and donors whose support ensures that children grow up with a forever family. Without your help, thousands of children in Northern California would be without the family support that we know makes such a difference in their lives.
